Programs and Activities

Leadership Series

Featuring campus leadership and guests from external organizations.

AMP Mentorship Program

Participants are matched with senior campus managers in order to learn more about management, leadership and to better understand the UCSF organizational culture.

Science for the Rest of Us

This program presents events usually geared to non-scientists. Faculty researchers present an overview of UCSF research programs, initiatives and "lay-versions" of scientific topics.

Professional Development

Our newest program offered to our membership - provides a forum for members to acquire skills and knowledge to enhance their career goals; also incorporates activities from the Tools of the Trade program.

Book Club and Film Club

A quarterly opportunity to discuss a fiction or non-fiction book, to meet other members in an informal setting and to be inspired by new thoughts and ideas. If reading is not your "cup" of tea, then perhaps you'll enjoy attending a meeting of our new Film Club!

Other Activities

Annual Kick-Off Breakfast, Winter and Summer Socials, Spring Conference, Systemwide AMP Conference, and participation on the AMP Listserv which is an electronic bulletin board for announcements and program information, including selected job opportunities.
