Science for the Rest of Us

Sun-protection and Tanning: Myths and Truths

Presented by:
Eleni Linos, MD, DrPH
Asst. Professor of Dermatology

Dr. Eleni Linos is a Dermatologist and Epidemiologist. She completed her medical degree in the UK and received her DrPH from the Harvard School of Public Health. She joined UCSF in 2011. In this talk, she will go over myths and truths about tanning, sunscreen, sun protective clothing, tanning beds, skin cancer and vitamin D. Bring your burning questions about the sun and your skin to this just-in-time for summer presentation!
