JOB OPPORTUNITY #1

Financial Data and Reporting Specialist, MSP 2
Controller’s Office
Financial and Administrative Services (FAS)
Req Number: 386568R

The UCSF Controller’s organization delivers full accounting services and related systems for faculty, staff and students, UCSF Foundation, all University departments and any outside entities who have a business relationship with the University. The Financial Data and Reporting Specialist reports to the Assistant Controller – Strategic Projects and is a key functional position on a small team providing data, business and systems analysis, design, implementation and support of financial reporting solutions. A critical initial focus of this position will be the analysis and delivery of financial reports/tools in light of the new Chart of Accounts scheduled for go-live in January 2014. This requires deep financial data knowledge and ability to use advanced business analysis skills. The successful candidate(s) will regularly work on highly complex issues where analysis of situations or data requires an in-depth evaluation of variable factors. He/she will exercise judgment in selecting methods, techniques and evaluation criteria for obtaining results. The Specialist is expected to function with a high degree of autonomy.
